BY THE NUMBERS

Manufacturing Professionals

4,100

Exhibiting Companies

223

New Products on Display

180

Average Leads Per Exhibitor

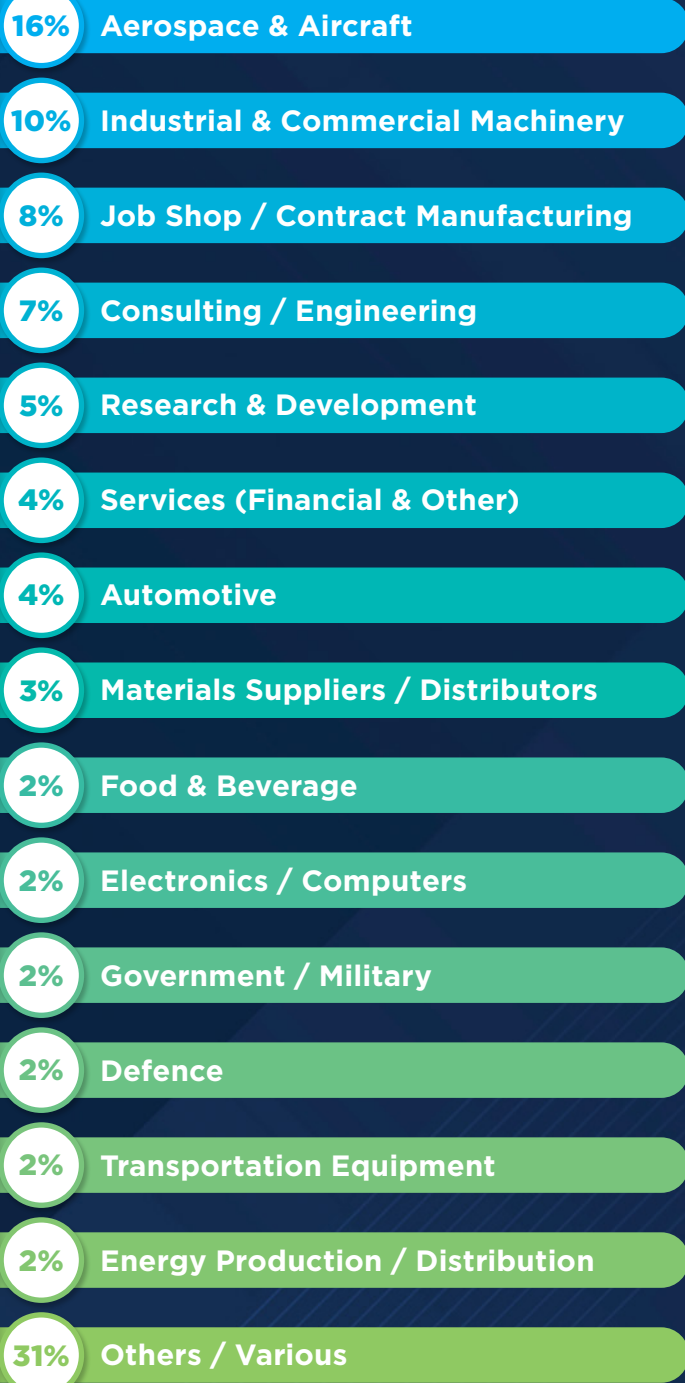

59

Speakers

41

The majority of MMTS attendees hail from one of the following business sectors:

TOP INDUSTRIES REPRESENTED

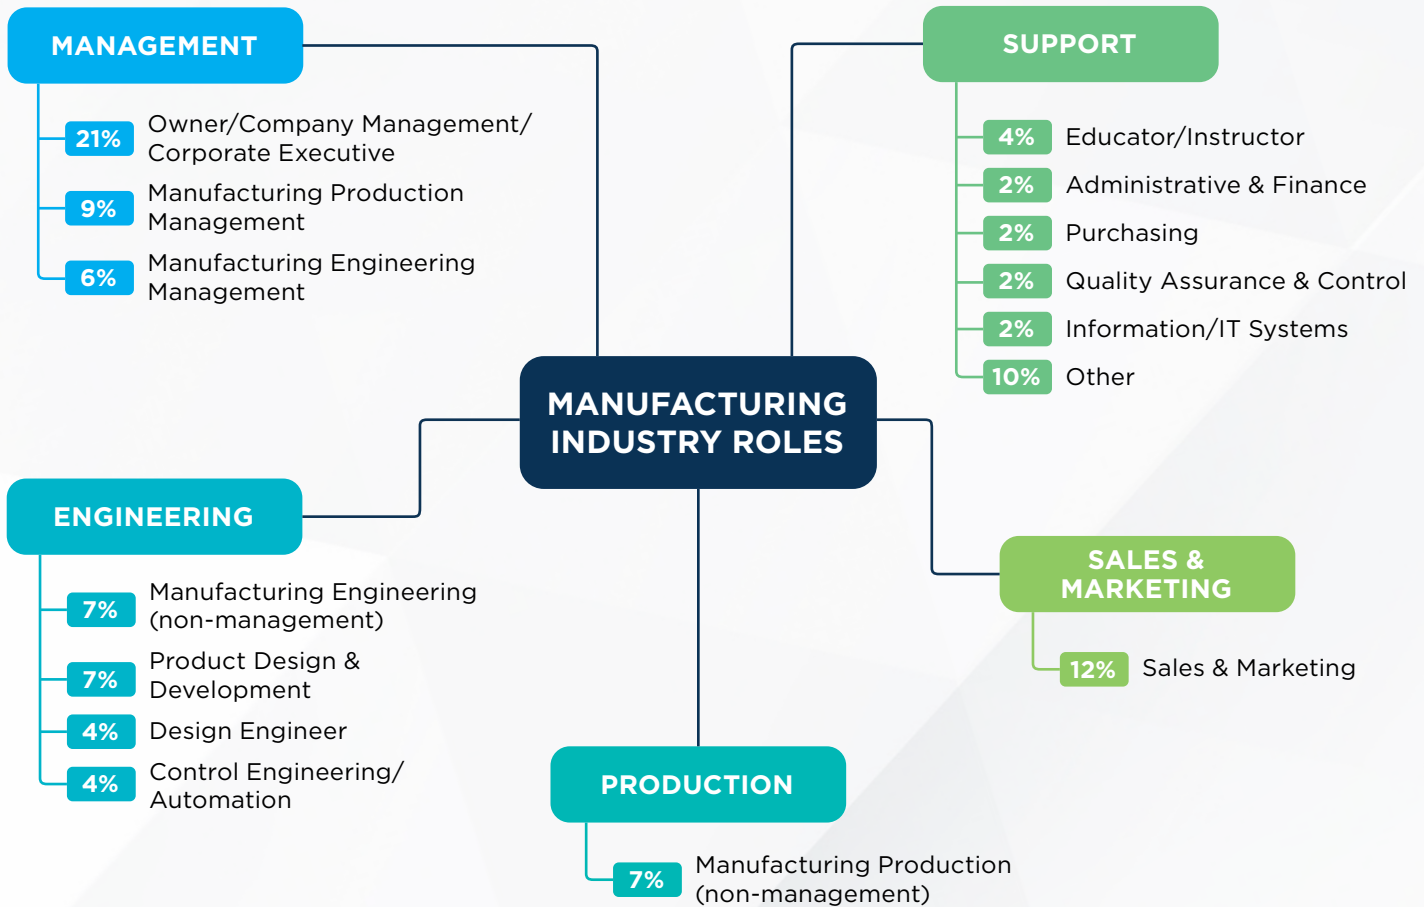

OTHER INDUSTRIES REPRESENTED

- Agriculture
- Appliances
- Chemicals/Petroleum
- Communications
- Furniture/Fixtures
- Measuring, Analyzing, Controlling Instruments
- Medical Instruments, Appliances & Supplies
- Medical/Surgical
- Mining
- Non-Manufacturing
- Oil & Gas
- Plastics & Packaging
- Pulp & Paper
- Rail
- Sporting & Recreation Goods

JOB FUNCTIONS

44% Directly Involved in Engineering/Production

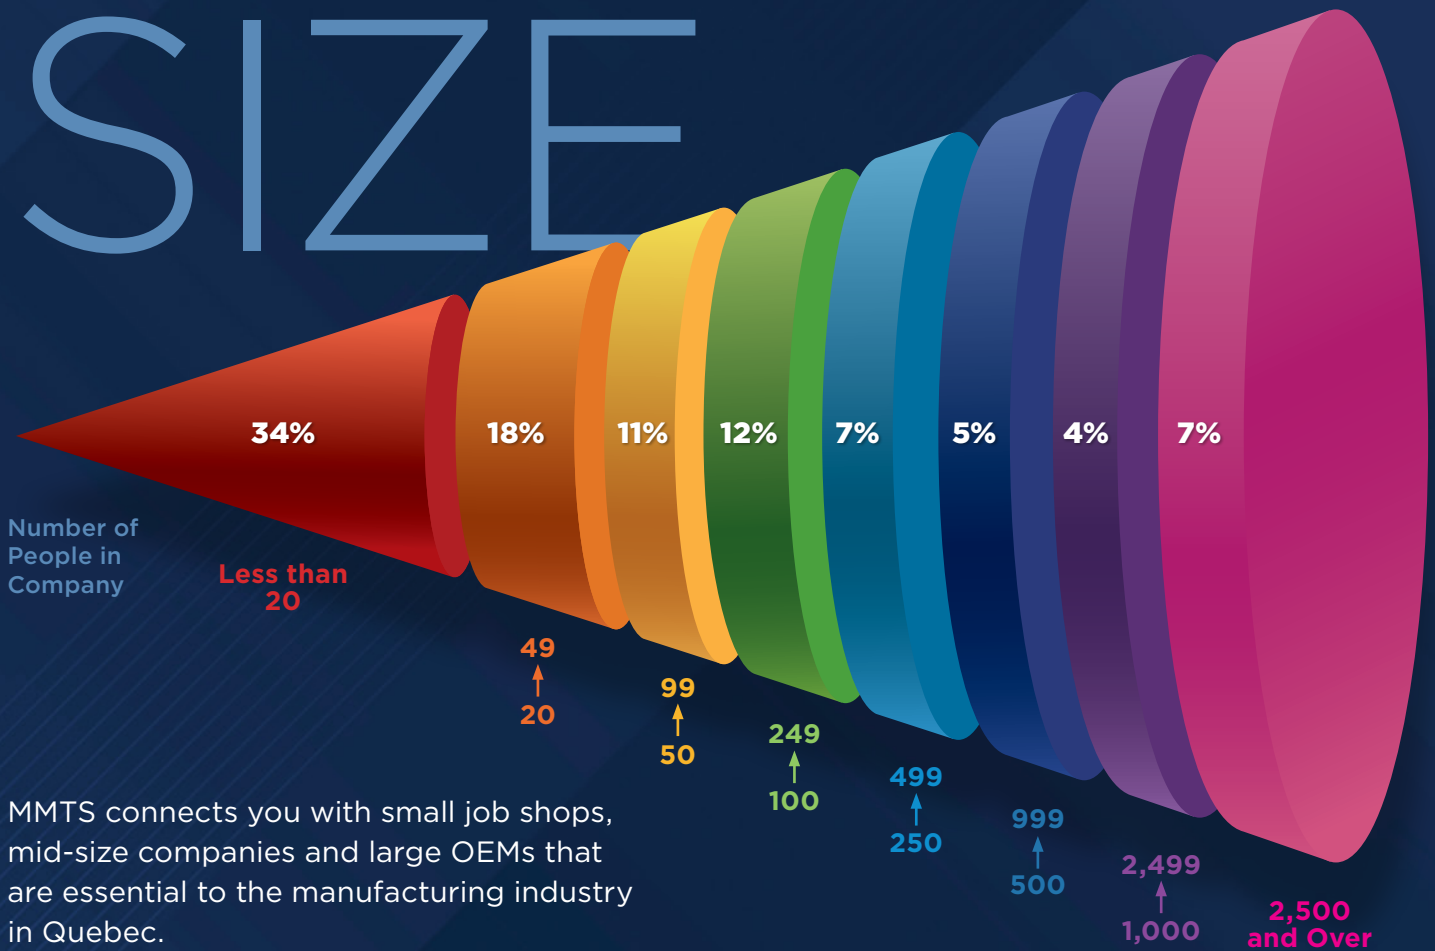

21% Owners /Company Management/ Corporate Executives

MMTS is a premier event for anyone looking to see the latest in manufacturing technologies and for business leaders to share insights about manufacturing transformation in these challenging times. For Quebec's manufacturing community, it's a must.

— **Jayson Myers**
Chief Executive Officer, NGen

COMPANY SIZE

ROLE IN BUYING

72%

of attendees influence equipment purchase decisions in their companies.

This means you're having quality conversations with evaluators, recommenders, specifiers, and final decision-makers.

Quebec's manufacturing sector is at a tipping point where productivity is no longer determined only on the production floor, but also by the software and artificial intelligence attached to it. MMTS brings together executives, engineers, and suppliers who can bridge the gap between these two worlds. For Vooban, this is an opportunity to engage directly with manufacturers ready to integrate AI into their operations and to see, with the support of equipment on location, how these technologies translate into real-world applications.

— **Hugues Foltz**
Executive Vice President, Vooban

COMPANY BUDGET

MMTS is an excellent way to connect with companies looking to invest in capital equipment.

68%

MMTS audience equipment budgets exceed \$20,000

36%

MMTS audience equipment budgets exceed \$200,000

EVENT TECHNOLOGIES ON DISPLAY

- Additive Manufacturing/3D Printing
- Automated Manufacturing & Assembly
- Automation & Controls
- Borescopes
- Boring
- CAD/CAM
- CNC Controls & Software
- Composite Manufacturing
- Coolants & Lubricants
- Cutting Tools & Accessories
- Data Acquisition
- Date Collection & Architecture
- Deburring & Edge Finishing
- Digital Transformation
- Drilling & Tapping Machines
- EDM
- Equipment Replacement, Maintenance & Preventive Maintenance
- ERP/MRP Systems
- Fastening & Joining
- Finishing & Coatings
- Flexible Manufacturing Systems
- Forming & Fabricating
- Gases & Gas Equipment
- Grinding
- IIoT (Industrial Internet of Things)

- Industry 4.0
- Inspection Systems & Equipment
- Lasers & Laser Systems
- Lasers and Plasma Cutting
- Lean Manufacturing
- Machine Vision
- Machining Centres
- Machining, Plastics
- Material Handling
- Materials
- Measurement, Inspection & Test
- Micromanufacturing
- Milling Processes

- Plant Engineering & Maintenance
- Plant Environmental Efficiency
- Plastics Molding & Manufacturing
- Radio-Frequency Identification (RFID)
- Rapid Prototyping
- Robotics
- Sawing & Cut Off Machines
- Screw Machining
- Smart Networking Equipment
- Turning & Lathes
- Waterjet Cutting
- Welding
- Workholding Systems & Fixtures

SAMPLE OF ATTENDING COMPANIES

For manufacturing companies in Quebec, MMTS offers an opportunity to explore a wide range of technologies that can boost their productivity and enhance their competitiveness. It's concrete; we can see the solutions in action. The team of Investissement Québec was on location to help participating companies make technology choices and evaluate the best financing options.

— François Gingras

Vice President Innovation, Investissement Québec

MEDIA SPONSORS:

The participation of Mouvement québécois de la qualité at MMTS 2026, as an exhibitor and speaker, is strategic for the entire manufacturing ecosystem. In today's political and economic climate, where productivity, innovation, and continuous improvement are more critical than ever to Quebec's competitiveness, the MQQ provides organizations with proven practical approaches suited to the realities of manufacturing companies. MMTS is an ideal forum for connecting expertise, solutions, and excellence—exactly where the MQQ must play its role as a facilitator.

— **Guy Martel, ing.-MBB**
Chief Executive Officer, MQQ
